## About This Content

### Immerse yourself in the Department of Liberty

A luscious musical collection to accompany your monumental rise through the all-seeing Department of Liberty. Heart-pounding percussion, soulful brass and blazing synth thrust you through a rich audial tour of the missions and moments that make up your mass surveillance journey. Relive the pulsating manhunts, the deep-diving investigations, the slow burn mysteries, and the moments of intimate reflection in this diverse anthology.

All tracks are lossless files (in FLAC format), and will be downloaded into a 'Soundtrack' subfolder of the game's directory.
